VARIETY FUND A CHILD VARIETY'S SPECIAL NEEDS PROGRAM

Variety's Special Needs Program continues to see growth in the number of children and their families requiring financial support for life-saving, life-changing and life-enriching equipment and services, not covered by any other source.

Your great contribution toward one of these special initiatives will enrich the lives of Manitoba's children living with special needs:

- \$10,000** Can help purchase an accessible vehicle for a child living with muscular dystrophy.
- \$5,000** Can help complete a home modification for a child living with spina bifida.
- \$2,500** Can help purchase a chill-out chair for a child living with cerebral palsy.
- \$1,000** Can help purchase a communication device for a child living with autism.
- \$500** Can help purchase new hearing aids for a child living with hearing loss.
- \$100** Can help provide a month of music therapy for a child living with Down Syndrome.

The equipment and support needs of children living with disabilities are extensive and many things remain uncovered or partially covered by government and healthcare programs. Specialized equipment and services support children to access opportunities, enjoy their rights and actively participate. They are essential in bridging disparities between children with and without disabilities.

VARIETY FUND A CHILD VARIETY'S BIKE CAMP

Many children living with a disability are unable to ride a two-wheel bike. Their parents may have tried to support and teach them in doing so but they lack the specialized equipment, training and knowledge to support them in this skill building process. Variety's Bike Camp is a five-day FREE camp that teaches children living with a disability how to be able to ride a two-wheel bike. Over the five days trained professionals and volunteers use customized adaptive equipment to slowly teach the skills required to each child. Bike Camp runs each summer for 2 weeks in July.
